2 - INTRODUCTION

As we the **ARABILLA** Trading and Contracting Company looking towards to serve you in different way than our 16 years of history. As a Company we are improving in quality, strength, capacity and standard too. Our team is furnished with managers, engineers, supervisors, qualified technicians, skilled workers and other staff too. We are widening the boundaries while entering in operation and maintenance, construction of turnkey projects such as commercial and residential multi-story buildings, and telecommunication and automation projects. Our aim is to become a first line service provider to the State of Qatar and hope we can meet you in near future in such a deal...

I am the founder of **ARABILLA** TRADING
AND CONTRACTING COMPANY 16 years
ago. Since then the company has been served

to the community while providing reliable and quality assured services. Today it has reached as grade A contractor for low voltage installations by kahramaa.

The ARABILLA trading and contracting company also includes a Building and Civil and mechanical Engineering Section which is responsible for turnkey construction projects. It also provides general support services telectromechanical operation and maintenance works, including building work, carpentry, and plumbing, L V electrical systems, gardening and purchasing services.

Electrical installation and maintenance are performs to international standards and typically includes heating, ventilation, refrigeration, evaporative cooling, air conditioning, valves, mechanical and electrical motors, generators ATS/ATF panels

compressors, elevators, rotating equipment, switchgear, transformers, distribution lines, power generators, telephone control systems, instrumentation and other electrical, mechanical, pneumatic and electrical equipment.

From its prime operational centre in Doha .Construction,

Maintenance and Engineering Division is able to provide

construction/maintenance/engineering services throughout the

Qatar and can respond effectively to emergency situations, rapidly
deploying experienced engineering and support personnel to site.

Its main clients for operation and maintenance services include
the private sector, the Group of companies, Government
corporations and Q-tel too. Our valuable customers always
welcome to receive such services from us.

Eng. Basil Malkawi

General Manager
